

ОПЕРАТИВНА ПРОГРАМА
"ОКОЛНА СРЕДА 2007–2013 г."

This map of Bulgaria displays protected areas and biogeographic regions. The legend in the bottom right corner defines the symbols used:

- Dark green: Polygons identified by project sources.
- Light green: Field mapping, test plots, GPS points.
- Yellow: Field mapping, GPS transects, GPS points.
- Light blue: Model.
- Yellow with diagonal lines: Protected areas according to the 92/43 EEC Directive.
- Biogeographic regions:**
 - Alpine: Light blue.
 - Black Sea: Yellow.
 - Continental: Light green.

The map also includes a scale bar (0-100 km) and labels for neighboring countries: Serbia, Romania, Turkey, Greece, and Macedonia. Major cities like Sofia, Plovdiv, Varna, and Burgas are marked.

Проектът се финансира от Европейския фонд за регионално развитие на Европейския съюз и от държавния бюджет на Република България чрез оперативна програма „Околна среда 2007 – 2013 г
